

Heart for the Disabled 2013

Do you make Valentine cards for your friends at school or church? This year, join Joni in writing to these special families. For more information on each family, visit the Joni and Friends Radio page at joniandfriends.org.

Meet the families:

- #1 Jenay, Justin and Jasmyne are 18 year old triplets and they all have cerebral palsy. Jasmyne also has autism. Their dad and mom, Joffre and Kathy, spend a lot of time caring for them but they also get help from their 16 year old sister, Joyanna.

- #2 Sara was born with missing bones in her arms and when she was 18 months old, she had to get her legs amputated. Sara loves to sing, so include your favorite song in your note to her!

- #3 Josh and Jackie have 3 kids: Nick, Ethan and Kiersten. Nick has cerebral palsy and autism and is unable to talk, Ethan is also unable to talk and Kiersten has trouble making friends.

- #4 Eddie and Diane have two sons with autism: Jeremy and Justin. Jeremy is 10 years old and Justin is 6 years old. Both boys have lots of energy and love to run!

- #5 Ryan and Lisa have two children, Angelina and Nicholas. Nicholas has autism. Ryan and Lisa have started helping out other families in their church who have kids with special needs.

Be sure to write the name of the person you would like the card delivered to on the envelope. Then mail your card to:
